

VENDOR SELECTION

The final authority in determination of products and services available at the Market is Realize Bradenton. Selection guidelines are subject to change.

Vendors committed to a full season are given preference.

Selection is based on numerous factors such as the existing mix of vendors, the number of total available spaces, quality of the products and of booth display, etc.

Preference is given to:

- ◆ Farmers and Growers
- ◆ Locally Made Food Products
- ◆ Locally Crafted Goods
- ◆ Wellness Goods and Services
- ◆ Green Products – Using environmentally friendly materials, including packaging.

Limited space is available to local nonprofits on an occasional basis. Please contact us for details.

A consistent policy of not renting or providing space for political or religious causes is maintained.
